JOINT MISSION COVERAGE SUMMARY

Mission C 6040
8 September 1959

Summary of Coverage

Mission C 6040, flown 8 September 1959, covered the coast of South Vietnam in the Quang Ngai, Tourane, and Hue areas. The mission continued north along the coast of South Vietnam and North Vietnam to the Hanoi area and inland over a part of the Laos-North Vietnam border, but there was complete overcast or heavy clouds, and no targets are reported for these latter areas.

Quality

Quality of photography is generally poor. The mission was 85 per cent cloud-covered.

Categories

Information is listed by categories, as shown in the Table of Contents. Arrangement within categories is as follows: Airfields and Urban Areas--alphabetically by city or installation; all other categories--by (1) WAC number, and (2) degree square.

Coordinates

Reference to each item by a single pair of coordinates is a matter of convenience in data recall. The coordinates used are those of the southwest corner of the one-minute square in which the item occurs. In referring to certain targets, such as roads, the coordinates of the approximate midpoint are listed in the heading and additional coordinates may be cited in the description.
